# About Us

Sound is more than just volume. It is energy, emotion, and experience.

Since 1992, STUDIOMARTIN has been committed to building professional audio equipment that delivers power, clarity, and reliability in every environment. What began as a passion for exceptional sound has evolved into a pro audio brand trusted by DJs, sound engineers, and event professionals who demand uncompromising performance.

Backed by the expertise and legacy of Neumann Ent, STUDIOMARTIN stands on decades of engineering knowledge, innovation, and dedication to quality manufacturing. Every product we create reflects our belief that professional sound systems should not only be powerful, but also precise, durable, and built for the real world.

From high energy live performances to large scale sound installations, STUDIOMARTIN equipment is designed to perform where it matters most on stage, in the field, and in the hands of professionals.

Driven by passion and strengthened by experience, we continue to push the limits of professional audio, delivering sound that moves people and powers unforgettable moments.

**STUDIOMARTIN Powering Sound Since 1992.**

Power Amplifiers

Dual Channel Power Amplifier

# HyperDrive

## 8K PRO

**HyperDrive** 8K Pro is an 8600-Watt H-Class professional power amplifier designed for powerful bass, high efficiency, and reliable performance in large DJ and live sound setups.

**Stable at 2Ω**

**8Ω: 2 × 1300 W**

**Class H+ Circuit**

**4Ω: 2 × 2600 W**

**Inbuilt Crossover**

**2Ω: 2 × 4300 W**

**>1500 Damping Factor**

Dual Channel Power Amplifier

# HyperDrive

## 7K PRO

The **HyperDrive** 7K Pro delivers 7600 watts of raw power with high efficiency H Class amplifier technology. Built for DJs, live shows, high power PA systems and Dj Systems, it ensures deep bass impact, clean audio performance, and dependable operation even under extreme loads.

**Stable at 2Ω**

**8Ω: 2 × 1200 W**

**Class H+ circuit**

**4Ω: 2 × 2200 W**

**Inbuilt crossover**

**2Ω: 2 × 3800 W**

**>1200 Damping Factor**

# CA20+

## Professional Class H Power Amplifier

Engineered for powerful performance and reliability, the CA20+ delivers high output power, excellent sound clarity, and stable operation for professional sound reinforcement systems. Ideal for DJs, live events, clubs, and touring setups.

**Stable at 2Ω**

**Output @ 8Ω**

**1200W × 2**

**Output @ 4Ω**

**2000W × 2**

**Output @ 2Ω**

**3000W × 2**

# PA Amplifiers

# STM-12

***The STM-12 Booster Amplifier is designed to deliver powerful and stable audio performance for professional sound systems. Built with high-quality components, it enhances signal strength and ensures clear, distortion-free sound even at high output levels. Ideal for DJ setups, PA systems, live events, and installations, it provides reliable performance with efficient cooling and protection circuitry.***

***Stable at 2Ω***

***1300 watts max output***

***Pure copper torodial***

***Multiple Output Options***

***Inbuilt Mixer***

***Efficient Cooling System***

***Built-in Protection Circuit***
